

THE LIGHTNESS OF BEING

Welcome to Reiki Rising

A LITTLE NOTE BEFORE WE BEGIN

Hi! Welcome. I'm really happy you're here.

Maybe Reiki has been calling to you for years. Or maybe you signed up because something about this felt right, even if you can't explain it yet. I love that you listened to that feeling. You said yes! Take a second to be proud of yourself. We're going to give that curious, intuitive part of you some real attention, and I can't wait to see what wakes up.

Over these ten weeks, we're going to learn a lot. We'll practice together and share what we're noticing, including those moments when you think, 'Wait, am I feeling anything?' Those questions are part of learning Reiki. And for the record, there's no gold star for the tingliest hands.

I want to hear what comes up for you. The exciting stuff, the weird stuff, the 'is this normal?' stuff. I'll be right here with you.

I'm so glad we get to do this together.

Love,
Kate

START HERE | FALL 2026

What to Expect

Here's the rhythm of our ten weeks. Nothing to memorize today. This page is here whenever you need to find your way back.

SUNDAYS | YOUR OWN TIME

New lessons in the portal

A new set of prerecorded lessons will be waiting for you each Sunday. Watch on your own time, pause to take notes and come back whenever you need.

WEDNESDAYS | TOGETHER LIVE

We gather at 7 p.m. Eastern

We'll come together for questions, healing experiences, placements and Reiki practice. You can ask anything, including 'Am I doing this right?'

BETWEEN CALLS | KEEP EXPLORING

Practice and stay connected

Try what you're learning and notice what comes up. Keep a notebook nearby if that feels good. Our Telegram group is there for questions, little discoveries and 'Did anyone else experience that?' moments.

A NOTE ABOUT CERTIFICATION

To receive your Holy Fire® Reiki Level I and II certification, attend both live placements and complete the practice requirements in the separate Certification & Practice Log PDF. You can print the log, fill it in by hand and email me scans or clear photos of the completed pages. Prefer typing? Put the same information in a separate document and email that instead. This isn't meant to be intimidating. It's there to help you notice your growth and feel more confident as a practitioner.

Community Care & Expectations

There is room here for the excited parts of you and the unsure ones. We're learning together, and nobody needs to arrive already knowing.

HOW WE CARE FOR ONE ANOTHER

Keep each other's stories close.

Personal shares from our calls and Telegram group stay within the group. Please ask before sharing a screenshot or someone else's experience.

Ask before offering.

Whether it's Reiki, advice or an interpretation, check first. Sometimes the kindest response is simply listening.

Let experiences be different.

Warmth, tingles, quiet or nothing noticeable yet all belong here. Nobody has to prove what they're feeling.

Honor your pace.

Listen, ask questions and step away when you need to. You're welcome here exactly as you are.

WHAT I ASK OF YOU

01 **Make space for practice.**

Come to the lessons and calls with curiosity, and try what you're learning between them. That's where it starts to become yours.

02 **Reach out if you fall behind.**

Please don't disappear out of embarrassment. We can figure out your next step together.

03 **Keep care grounded.**

Reiki can be meaningful support, but it doesn't replace medical or mental health care.

Show up as you are. We'll figure out the rest together.
